2. *Aggregate Set-Aside* means an aggregated value of small construction contracts, no one contract of which exceeds five million dollars, which are to be bid during a fixed period of time on a contract-by-contract basis with bidding reserved solely among qualified CSBEs classified in the applicable Contracting Participation Level and SIC or NAICS Code for the contract.
3. *Approval letter* means a document issued by DBD at the request of a CSBE or a bidder that, based on the written representations of the CSBE or bidder, finds a specified activity or scope of work consistent with normal industry practice.
4. *Available or availability* means to have, prior to bid submission, the ability to provide construction services under a prime contract that is being considered for a set-aside or under a first or second, third or fourth tier subcontract on a contract being considered for a first or lower tier subcontractor goal by having:
 - a. reasonably estimated, uncommitted capacity and expertise;
 - b. all licenses, permits, registrations and certifications;
 - c. the ability to obtain bonding that is reasonably required to perform the contract or subcontract consistent with normal industry practice; and
 - d. the ability to otherwise meet bid specifications.
5. *Bid* means a quotation, proposal, letter of interest or offer by any bidder in response to any kind of invitation, request or public announcement to submit such quotation, proposal, letter of interest or offer to perform the contract.
6. *Bid preference* means an amount deducted (for bid evaluation purposes only) from the total bid price in order to calculate the bid price to be used to evaluate the bid on a competitively bid prime County construction contract, which is not set aside for bidding solely by CSBEs. Firms may claim a bid preference for Program Incentives such as Worker Training and Mentor-Protégé as outlined in Ordinance 97-52, as amended.
7. *Bidder* means any person, partnership, corporation or other business entity that submits a bid.

8. *Board* means the Board of County Commissioners of Miami-Dade County, Florida.
9. *Bonding assistance* may include providing assistance in preparing and completing bond packages as well as providing funding to be used for bonding purposes.
10. *Broker* means an individual or business that acts as a conduit for the purchase of goods or services from a supplier and transfers funds to a non-CSBE in a manner that does not add economic value to the purchase of goods or services, except where such conduct is normal industry practice.
11. *Business day* means a regular week day (Monday through Friday) normally starting at 8:00 a.m. and finishing at 5:00 p.m., excluding Saturdays and Sundays and excluding all legal holidays recognized by the Federal, State or Miami-Dade County governments.

Contractors and Operative Builders \$3,000,000 for SIC 16 - Heavy Construction, other than Building Construction; or \$2,500,000 for SIC 17 - Specialty Trade Contractors. A CSBE shall be categorized by the type of construction it performs in accordance with the two-digit SIC code, or the six-digit NAICS code, of the Census applicable to such type of construction. A CSBE will graduate out of the program once it has exceeded these size limits based on its three-year average annual gross revenues.

A CSBE must be certified by the SIC or NAICS code, and classified into one of the three Contracting Participation Levels. The lack of bonding capacity shall not preclude an applicant from being certified as a CSBE. A CSBE must go through a certification process which will be used to determine which of the three Contracting Participation Levels the CSBE will be placed in based on the firm's average annual gross revenues for the last three (3) years. The Contracting Participation Levels are as follows:

1. Level I - 3 year average annual gross revenues of \$0-\$750,000;
2. Level II – 3 year average annual gross revenues above \$750,000 but not exceeding \$2,000,000 or
3. Level III – 3 year average annual gross revenues above \$2,000,000 but not exceeding \$5,000,000.

A firm's eligibility to participate in the CSBE program and the Contracting Participation Level at which it will participate shall be determined based on the three year average gross revenues of the applicant firm in combination with that of all of the firm's affiliates. No firm shall be certified as a CSBE where the aggregate net worth of all of its owners is more than seven hundred fifty thousand dollars (\$750,000). Representations as to gross revenues and net worth of owners shall be subject to audit.

In addition, construction contracts of \$5,000,000 or less (which may be reserved for limited competition among CSBEs) will be classified into one of the three Contracting Participation Levels based on estimated project cost. The three Contracting Participation Levels are:

Level I - 3 year average annual gross revenues of \$0-\$750,000

Level II - 3 year average annual gross revenues above \$750,000 but not exceeding \$2,000,000

Level III - 3 year average annual gross revenues above \$2,000,000 but not exceeding \$5,000,000

Prime contracts with estimated project construction costs in excess of \$5,000,000 shall be “open market” contracts available for bidding by all firms.

CSBEs certified in one contracting participation level e.g., those certified in Level III may not bid on a lower level prime County

contract set-aside for CSBEs (e.g., a \$500,000 project which falls into Level I). However, lower level CSBEs may bid on higher-level contracts (e.g., a Level I CSBE may bid on a Level II or a Level III project).

DBD shall maintain and publish at least every other week an updated list of CSBEs, identifying each listed CSBE based on each SIC/NAICS category, and each Specialty Trade certification and noting the Contracting Participation Level classification.
2. DBD shall collect, assemble and verify all information needed to establish the eligibility of an applicant and continued eligibility of a CSBE, including the information required on the American Institute of Architects (AIA) Document A305 Contractor's Qualification Statement or its equivalent.
3. DBD shall attempt to make a certification decision within twenty-one (21) business days of receipt of a complete application. An application is complete when it includes all required supporting documents.
4. Where DBD knows or has reason to know, DBD shall not certify an applicant, shall not recertify a CSBE, and shall decertify a CSBE that fails to comply with the criteria or procedures of Ordinances 97-52, 97-158, 99-31, 00-17, 01-65, 01-116, 01-158, 02-29 and 03-121, this Administrative Order and/or participation provisions. DBD shall have authority to suspend the certification of a CSBE during any appeal of a decertification decision.
5. DBD shall certify each CSBE by the type of construction they perform in accordance with the two-digit SIC and/or six-digit NAICS code applicable to such type of construction for which the CSBE is licensed. A CSBE can be certified in an unlimited number of SIC/NAICS codes and trade categories. CSBEs certified in SIC 17 (Specialty Trade Contractors) shall also be classified by trade category or categories in which they are licensed. Each CSBE will also be certified in a specific Contracting Participation Level based on the firm's 3 year average gross revenues.
6. DBD shall provide written renewal procedures and/or forms to certified CSBEs not later than thirty (30) calendar days prior to their certification expiration date.
7. To decertify a CSBE, DBD shall either:

- a. give notice to the CSBE that the decertification decision will be effective at the completion of any appeal under this Administrative Order; or
- b. suspend the certification of the CSBE during any appeal of the decertification decision.

DBD shall give written notice, including the reasons for its decision, to applicants who are denied certification and to CSBEs who are decertified or denied recertification.

8. DBD may require applicants and CSBEs to submit information regarding their business operations including, but not limited to, a breakdown of the applicant's or CSBE's ownership, and/or work force as to race, national origin, gender, and gross annual sales receipts.

B. TERMS OF CERTIFICATION

1. Certification is valid for a one (1) year period.
2. A CSBE contractor, its individual officers, its shareholders with significant interests, its qualifying agent or its affiliated businesses that has been denied recertification or that has been decertified is not eligible to apply for certification for up to twelve (12) months from the time of the denial or decertification. 5. Certified CSBEs shall provide written notice to DBD of any changes that affect their eligibility as CSBEs. CSBEs shall submit a written statement describing the nature and stating the effective date of the change(s) to DBD within thirty (30) calendar days of the effective date of the change(s).

6. A CSBE must have a valid certification in effect at time of bid submittal. For Successful Bidders, certification must be maintained from the time of bid submittal throughout the duration of the contract. With the exception of provisions described in Ordinance 97-52, as amended, for graduation from the CSBE program, loss of CSBE certification may lead to removal of the firm from continued participation in the CSBE program. CSBEs shall allow site visits by DBD staff to determine continuing compliance with certification requirements.
7. CSBEs are responsible for applying for recertification at least fourteen (14) calendar days prior to expiration of their current certification.

CSBEs experiencing changes in ownership shall notify DBD within thirty (30) days of the effective date of such changes.

C. CERTIFICATION PROCESS

1. Interested parties may obtain the certification application from DBD and are encouraged to request an explanation of the certification process. A copy of the certification application and an explanation of the certification process are also available on

DBD's Web Page on the Internet. The Web Page address is <http://www.co.miami-dade.fl.us/dbd>

2. The applicant shall complete the certification application and submit it with all requested documentation to DBD.
3. The applicant, including CSBEs seeking recertification, shall attend, if requested by DBD staff, an Eligibility Review Meeting to clarify information that was submitted in the application and accompanying documents or to gain additional information regarding the applicant's eligibility for certification. DBD shall notify the applicant within ten (10) business days of receipt of a complete application if an eligibility review meeting is required.
4. The applicant, including CSBEs seeking recertification, shall allow site visits by DBD staff to gain additional information regarding compliance with eligibility requirements. DBD shall notify the applicant within fifteen (15) business days of receipt of a complete application if a site visit is required.
5. Applicants and CSBEs shall provide DBD with all information that DBD reasonably requests to determine eligibility for certification and to determine bonding capacity for placement in the Contracting Participation Level.

D. ELIGIBILITY REQUIREMENTS

7. No firm shall be certified as a CSBE where the aggregate net worth of all of its owners is more than seven hundred fifty thousand dollars (\$750,000). Representations as to gross revenues and net worth of owners shall be subject to audit.

Nothing shall prohibit CSBEs from competing for contracts under the Federal Disadvantaged Business Enterprise (DBE) program or any other business assistance program if the CSBE is also certified for the programs under this Administrative Order by DBD or certified by any other agency or organization.
9. When investigating the ownership and control of an applicant or a CSBE, DBD shall consider, but not be limited to the following:
 - a. All securities constituting ownership and/or control of a business for purposes of establishing the business as a CSBE shall be held directly by the owners. No securities held in trust shall be considered.

- b. The contributions of capital and expertise by the qualifying agent to acquire interest in the business shall be real and substantial. Examples of insufficient contributions may include, but are not limited to, a note payable to the business or to those of its part owners, or the mere participation of the qualifier as an employee, rather than as a manager.
- 10. A CSBE shall not be subject to any formal or informal restrictions that limit the customary discretion of the owner.
- 11. Where the actual day-to-day management of the business is handled by individuals other than the owner, those persons who have the ultimate power to hire and fire the managers shall be considered as controlling the business.

 - b. Whether an individual identified as an owner who had a previous or continuing employee-employer relationship with present owners has actual management responsibilities and capabilities;
 - c. The participation of one or more of the owners of the applicant firm in another firm in the same trade, SIC/NAICS, or service area;
 - d. Whether reported income levels indicate a severe decline to possibly attempt to qualify the firm for CSBE certification; and
 - e. Whether affiliation as described in Ordinance 97-52, as amended, exists or once existed between the applicant firm and a non-CSBE firm.
- 13. A CSBE must perform a commercially useful function in the trade category, SIC/NAICS, or service area in which it is certified or seeking to be certified.

7. A statement of the percentage of the joint venture that is owned and controlled by the qualifying member(s) and the basis for claiming such percentage; and
8. A copy of any required State certificates or registrations.

C. DBD RESPONSIBILITIES

DBD shall collect, assemble and verify all information needed to determine if all members of a joint venture are CSBEs. DBD shall attempt to approve

joint ventures within five (5) business days of receipt of a complete Joint Venture Agreement. A Joint Venture Agreement is complete when it includes all required supporting information.

IV. DEPARTMENT/AGENCY RESPONSIBILITIES:

A. ANNUAL NOTIFICATION OF ANTICIPATED PURCHASES

Each County department and agency, in conjunction with the annual budget process, shall compile a list of its proposed capital projects, renovations, and major repairs for the fiscal year. Each department and agency shall forward the list by August 1 of each year to DBD for use in the formulation of the CSBE objectives.

B. STATISTICAL REPORTING

Each County department and agency, in conjunction with its contracting and purchasing activities, shall compile and maintain a list of its contractors', subcontractors' and vendors' ownership demographics. These lists shall be updated at least quarterly and forwarded to DBD. Bid documents shall require disclosure of the bidder's race, gender and ethnicity. Contract documents shall require that all requests for payment by the prime contractors include a list of all subcontractors who have performed work by race, gender and ethnicity, and shall contain the prompt payment provisions outlined in the CSBE ordinance.

V. PROCEDURE FOR RECOMMENDATION OF CONTRACT SET-ASIDES, TRADE SET-ASIDES, AGGREGATE SET-ASIDES OR SUBCONTRACTOR GOALS:

A. Each individual construction contract, purchase or blanket purchase of services shall be reviewed for application of contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals. The procedure for applying these contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals on such purchases is as follows:

1. Each department or DPM, as applicable, shall review anticipated contracts for application of contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals. Departments that make purchases through DPM shall not be responsible for reviewing anticipated purchases; DPM shall be responsible for reviewing those purchases. To facilitate identification of contracting opportunities, contracts shall be reviewed after approximately seventy-five (75) percent of the contract documents, plans, and specifications have been completed.

2. Departments or DPM shall work in conjunction with DBD in recommending whether contracts should be set-asides, or whether contracts should have Trade Set-asides, aggregate set-asides or subcontractor goals that shall be applied. The department or DPM shall submit the appropriate items from the following to the Director of DBD:
 - a. For each recommendation of a contract to be set-aside, or a contract to have a Trade Set-aside, aggregate set-aside or subcontractor goal applied, a memorandum should be included providing an appropriate brief description as follows:
 1. Project title and number;
 2. The identification of specialty trade opportunities;
 3. Estimated dollar amounts for each subcontracting area or trade component;
 4. A history of previous purchases to include the sizes of the previously successful contractors as appropriate for the previous three (3) years; and
 5. The recommendation as to whether to set-aside the contract or to place a Trade Set-aside, aggregate set-aside or a subcontractor goal on the contract.
 - b. A memorandum identifying and briefly describing all contracts or proposals, including justification for sole source, for which a recommendation is being made to not set aside the contract or to not place a Trade Set-aside, aggregate set-aside or subcontractor goal on the contract, and information to support the recommendation of not setting aside the contract, or placing a Trade Set-aside, aggregate set-aside or subcontractor goal on the contract.
3. DBD shall review the proposed contracts and the departmental recommendations. DBD shall review all submissions received prior to the published RC agenda deadline, develop a DBD recommendation and shall place the submissions on the agenda of the appropriate RC meeting.

VI. APPLICATION OF CONTRACT SET-ASIDES, TRADE SET-ASIDES, AGGREGATE SET-ASIDES OR SUBCONTRACTOR GOALS:

Contract set-asides, Trade Set-asides, aggregate set-aside or subcontractor goals are appropriate to apply to a given contract when there is a CSBE objective set for the SIC/NAICS category in which the contract is classified and the forecast of future expenditures by program area indicates that a contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal will be appropriate for the contract.

A. GENERAL GUIDANCE

1. The selection of a contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal shall include consideration of the following:
 - a. The impact of the project as it relates to the CSBE objective;
 - b. The previous contracts used in the particular SIC/NAICS category;
 - c. The relative impact of economic incentives;
 - d. The effects of other contract set-asides, Trade Set-asides, aggregate set-aside or subcontractor goals taken or reasonably expected to be taken in the SIC/NAICS category and their expected effects during the life expectancy of the contract;
 - e. The impact of the contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal on potential competitors; and
 - f. Consideration of selection among various programs as set forth in Section IX below.

B. CONTRACT SET-ASIDES

1. A recommendation of a set-aside is appropriate when:
 - a. the estimated project cost is \$5,000,000 or less;
 - b. The quality, quantity and type of opportunities provided by the contract are appropriate for applying a set-aside;
 - c. Prior to bid advertisement three (3) or more CSBEs are available to provide the quality, quantity and type of opportunities afforded by the proposed contract; and

- d. A contract that is set-aside must be categorized into one of the three Contracting Participation Levels based on the estimated project cost.
2. Set-asides should be used to provide large economic incentives. Set-asides are most effectively applied to relatively small contracts. When possible, consideration should be given for splitting large contracts into smaller contracts to allow for greater program participation.

C. SUBCONTRACTOR GOAL

A recommendation to apply a subcontractor goal to a particular contract is appropriate when:

1. The contract has identifiable opportunities, which, according to normal industry practice, are appropriate for subcontracting in a specialty trade area within SIC 17;
2. The quality, quantity and types of opportunities provided are appropriate for applying a subcontractor goal; and
3. Effective competition exists for setting a particular subcontractor goal in that three (3) or more CSBEs certified within the applicable specialty trade area within SIC 17 are available.

A first tier subcontract goal may be imposed where there is CSBE availability at such tier level. A second, third and fourth tier subcontract goal may be imposed on those contracts whose estimated cost exceeds \$25 million where there is CSBE availability at such lower tier levels.

D. TRADE SET-ASIDE

A recommendation to apply a Trade Set-aside(s) to a particular work order on a miscellaneous construction contract is appropriate when:

1. The work order for the contract has identifiable opportunities for Trade Set-asides;
2. The quality, quantity and types of opportunities provided are appropriate for applying a Trade Set-aside; and

3. Effective competition exists for setting a Trade Set-aside in that three (3) or more CSBEs certified in the applicable specialty trade area within SIC 17.

E. AGGREGATE SET-ASIDE

A recommendation to apply an Aggregate Set-Aside to a particular contract is appropriate when:

1. The contract includes various work orders;
2. The contract is used for a specified period of time;
3. The contract should be a prequalification pool of various trade construction firms;
4. Prior to bid advertisement three or more CSBE firms are available to provide the quality, quantity and type of opportunities afforded by the proposed contract;
5. A contract that is set-aside may be categorized by more than one of the three Contracting Participation Levels.

F. GUIDANCE ON PRIORITY OF CONTRACT SET-ASIDES, TRADE SET-ASIDES, AGGREGATE SET-ASIDES AND SUBCONTRACTOR GOALS AMONG THE VARIOUS PROGRAMS

In making recommendations for application of contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals, staff shall attempt to consider all of the various programs in addition to taking advantage of the unique opportunities for economic incentives afforded by each contract. Potentially each contract contains a unique set of circumstances offering several possible permutations and combinations of contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals authorized by the various programs. In the RC Process, a large number of contracts are considered for the application of contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals at the same meeting. Contract set-asides, Trade Set-asides, aggregate set-asides, and subcontractor goals are applied on an individual contract basis; however, the program and whether a contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal is selected for application to a given contract are a result of analyzing the entire contracting environment in light of the stated CSBE objectives and Participation Goals, progress to

date and expected effects of previously adopted and other proposed contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals. Each RC session provides an aggregate of individual contract set-asides, Trade Set-asides, aggregate set-asides and subcontractor goals applied to further progress toward the CSBE objective and Participation Goals of the various programs. No single contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal recommendation should be viewed in isolation of the other recommendations made and contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals taken as part of the overall programs. The RC provides a forum for the public review of contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal recommendations, program progress and future program direction.

VII. APPLICATION TO CONSTRUCTION MANAGER-AT-RISK CONTRACTS

- A. *Construction management services portion.* For Construction Manager-at-Risk contracts, the County Commission may establish, where appropriate and upon the recommendation of the Review Committee, first tier CSBE subcontractor goals applicable to the construction management portion thereof. Such goal shall not be applicable to the procurement of trade packages on the actual construction project. Bidders for CM-at risk contracts to which a first tier CSBE subcontractor goal has been established for construction management services under this paragraph shall submit the Schedule of Intent Affidavit and follow the procedures and timing therefore applicable to contracts in general under section VI C above.
- B. *Actual construction portion of the work.* For CM-at-risk contracts, subcontractor goals for the actual construction portion of the work may be established where appropriate by the County Manager or the Manager's designee for 1st, 2nd, 3rd or 4th tier subcontractors upon the recommendation of the Review Committee based on estimates made prior to advertisement of the bid package of the quality, quantity and type of subcontracting opportunities provided by the bid package and of the availability of CSBEs to afford effective subcontracting therefore.
 - 1. *Overall subcontracting goal.* Where an overall CSBE subcontracting goal has been established for the actual construction portion of the work, the CM-at-risk shall submit the Schedule of Intent Affidavit to the County at the time the Final Guaranteed Maximum Price is due identifying all CSBEs utilized to meet the overall goal, and the trade designation of work and percentage of the Final Guaranteed Maximum Price each will perform.

2. *First tier subcontractor goal.* Where a first tier CSBE subcontracting goal has been established, bidders to the CM-at-risk for contracts as Primary Trade Contractors shall submit at the time of bid submission to the CM-at-risk the Schedule of Intent Affidavit identifying all CSBEs to be utilized to meet such goal, the trade designation of the work and the percentage of the bid each identified CSBE will perform. Failure to submit the required Schedule of Intent Affidavit within the required time frame may render the bid non-responsive, or subject to sanctions or penalties as outlined in the contract or this Administrative Order. The use of CSBEs at the Primary Trade Contractor level and at the level of contractors that directly contract with the Primary Trade Contractors shall count towards meeting the first-tier CSBE subcontractor goal on the contract. In addition, if the CM-at-risk exceeds the first-tier CSBE subcontractor goal, the amount by which the first-tier CSBE subcontractor goal is exceeded shall count towards fulfillment of the second, third and fourth tier subcontractor goal on that contract. However, if the CM-at-risk exceeds the second, third and fourth tier subcontractor goal, the amount that the second, third and fourth tier subcontractor goal is exceeded shall not count towards fulfillment of the first-tier subcontractor goal.
 3. *Second, third and fourth tier subcontractor goals.* Where a second, third or fourth tier subcontractor goal has been established for the actual construction portion of the work under a CM-at-risk contract, the construction manager-at-risk awarded the contract shall notify DBD in writing, prior to initiating the process to select lower tier CSBEs whose participation will be utilized to meet such goal, of the name, address and tier level of the subcontractor who will award the lower tier subcontract to a CSBE, the scope of work for such lower tier subcontract and the bid submission date therefore. The construction manager-at-risk awarded the contract shall obtain DBD's approval prior to the award of any lower tier subcontract that will be utilized to meet a lower tier subcontract goal.
- C. *Reduction in established subcontractor goal and periodic reporting to the Commission.* After bid advertisement, or other formal public notice, the established subcontractor goal on a CM-at-risk contract for construction management services may be reduced only with the approval of the County Commission or Public Health Trust. After bid advertisement or other formal notice, the established subcontractor goal applicable to the actual construction portion of the work may be reduced only with the approval of the County Manager. The County Manager shall periodically report to the Board of County Commissioners on all goals on construction manager-at-risk contracts.

- D. *Compliance responsibilities.* The construction manager-at-risk shall comply with the requirements of this subsection regarding any CSBE subcontractor goal that has been applied to any portion of the work of the CM-at-risk contract.

VIII. APPLICATION TO CONTRACTS FOR ENVIRONMENTAL SERVICES

Application to contracts for environmental services where construction tasks are involved. For contracts for environmental services where construction tasks are involved, CSBE subcontractor goals may be established by the County Manager upon the recommendation of the Review Committee based on estimates made prior to awarding such tasks and of the availability of CSBEs to afford effective subcontracting therefore.

IX. DOCUMENTATION TO REVIEW COMMITTEE:

- A. DBD shall present the following to the RC:

For each recommendation of a contract set-aside, subcontractor goal, Trade Set-aside or aggregate set-asides, a copy of the department's recommendation; a memorandum briefly describing the analysis of the contract and basis for providing a recommendation; verification of ability to bid for set-aside contracts and a recommendation report that includes a listing of all trade areas on which availability was established and subcontractor goals, Trade Set-asides or aggregate set-asides were based.

- B. A brief memorandum identifying all purchases for which a recommendation of no contract set-aside, or no Trade Set-aside, or no aggregate set-aside or no subcontractor goal is being made and providing information to support the recommendation.

X. DEPARTMENTAL RESPONSIBILITIES:

- A. DBD shall prepare standard bid participation provisions. Each department and the Public Health Trust must use these standard bid participation provision documents for all contracts with contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals unless DBD approves substitute bid documents. When bid documents for contracts with set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals are advertised, they shall include a current CSBE Certification List.
- B. Departments shall submit recommendations of the RC to the Board of County Commissioners for approval. DBD shall notify departments of the

recommended contract set-aside, Trade Set-aside, aggregate set-aside or subcontractor goal.

- C. Subsequent to a recommendation by the RC and prior to contract advertisement, each department shall advise DBD of any change in the scope of work of a contract. DBD shall review the change and recommend to the County Manager whether the contract requires further review by the RC due to the change in the scope of work. Each department shall advise DBD of post-award changes in scope and all change orders that require Board of County Commissioners' approval shall be submitted to DBD. DBD shall review the changes and change orders and recommend to the County Manager whether the contract requires further review by the RC due to the change in the scope of work, and report on the prime contractor's current status of CSBE compliance.
- D. Each department shall advise DBD of any contract advertisement dates that are in excess of one hundred twenty (120) days of the initial RC recommendation to apply a set-aside or a goal in order to allow DBD to identify any changes in availability. Each department shall advise DBD of any contract cancelled or not advertised within one hundred eighty (180) days after review by the RC and the contract must be resubmitted to the RC to re-establish availability.

XI. REVIEW COMMITTEE:

The RC is responsible for recommending to the County Manager whether to apply CSBE contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals to a contract.

- A. The members of the RC shall be: Director, DBD; President, Public Health Trust; Director, GSA; Director, Public Works Department; Director, Aviation Department; and Director, Miami-Dade Water and Sewer Department or their designees; and four (4) individuals named by the County Manager. The County Manager shall designate one member to be chairperson. A quorum of the RC shall be six (6) members. Staff assistance shall be provided by DBD.
- B. The RC shall meet monthly or more frequently as needed. It shall publish a schedule of meetings, listing the meeting locations, dates, times and agenda deadlines for submission of departmental recommendations to DBD. All RC meetings are subject to Government-in-the-Sunshine requirements. The chair shall allow participation of the public at RC meetings consistent with accomplishing the agenda of the RC.

- C. The RC shall have authority to promulgate rules of general application to carry out its responsibilities, which rules are subject to review and approval by the County Manager.
- D. The RC may, after public deliberation and consideration of alternatives, accept, reject, modify or otherwise alter the staff recommendation. The County Manager may accept, reject, modify or otherwise alter the RC recommendations. The Board of County Commissioners may accept, reject, modify or otherwise alter the County Manager's recommendations. The Mayor may accept or veto the Board of County Commissioners' recommendations. In accordance with the policy established by the Board of County Commissioners, the Board of County Commissioners may overrule the Mayor's veto.
- E. The RC shall hear appeals as provided in Section XXI of this Administrative Order.

XII. CONTRACT ADMINISTRATION - CONTRACT SET-ASIDES:

- A. County construction contracts that are set-aside under the CSBE program are for bidding solely among CSBEs. In order to bid on a set-aside contract the bidder must be certified as a CSBE prior to bid submission date. A CSBE awarded a set-aside contract shall not transfer to a non-CSBE through subcontracting or otherwise any part of the actual work of the contract unless bid documents expressly and specifically permit such transfer as consistent with normal industry practice or the CSBE requests and receives prior to bid award an approval letter from DBD [for example, a CSBE general contractor needs to rent a particularly expensive piece of equipment with labor support to perform a specific task in the contract and requests approval from DBD].
- B. CSBEs certified in one Contracting Participation Level (e.g., those in Contracting Participation Level III) may not bid on a lower level prime County contract set-aside for CSBEs (e.g., a \$500,000 project which falls into Level I). However, lower level CSBEs may bid on higher-level contracts (e.g., a Level I CSBE may bid on a Level II or a Level III project).
- C. A CSBE that performs the work of the set-aside contract with its own forces may count such work towards reducing the CSBE goal applied to the contract by a maximum of one hundred (100) percent.
- D. Either the department that oversees a contract, or DPM, or DBD, may request the RC to recommend that bonding requirements for a set-aside contract be limited or waived. Such recommendation shall only be made on set-aside contracts less than or equal to two hundred thousand dollars

(\$200,000) and as authorized by Section 255.05, Florida Statutes. This recommendation shall accompany the set-aside recommendation.

E. Bidder's Responsibilities for Contract Set-Asides

1. Bidders on contract set-asides must submit a completed "Schedule of Intent Affidavit" at the time of bid submission. Bidders who fail to submit the Schedule of Intent Affidavit shall be considered non-responsive; and
2. Bidders must submit Schedule of Intent Affidavit to the person or office to whom the bid was submitted on the bid submission due date. Defective Schedule of Intent Affidavits that are incomplete or inaccurate shall constitute non-compliance. Examples of defects include, but are not limited to, improperly executed Schedule of Intent Affidavits, the listing of an unidentifiable CSBE and percentage miscalculations that are not mere clerical errors apparent on the face of the "Schedule of Intent Affidavit". Bidders who fail to submit the Schedule of Intent Affidavit shall be considered non-responsive.

F. The following shall constitute a violation of this Administrative Order as they relate to a contract that is set-aside:

1. Submission of a "Schedule of Intent Affidavit" of CSBE subcontractors that the bidder knew or should have known is incomplete or inaccurate;
2. After bid submission due date, deviations from the "Schedule of Intent Affidavit" without the written approval of the Compliance Monitor;
3. The utilization of a non-certified CSBE; Top of Form
4. A CSBE serving as a conduit for CSBE work awarded to a firm as a CSBE but which is being performed by a non-CSBE firm;
5. Not obtaining or retaining CSBE certification while performing work designated for CSBE firms;
6. Failure to submit monthly utilization reports;
7. Failure to maintain certification;
8. Failure to comply with CSBE certification requirements including not maintaining a place of business in Miami-Dade County, not reporting

organizational and operational changes, providing inaccurate or false information, and other certification related violations;

9. Modifications to the terms and/or prices of payment to a CSBE without prior approval from DBD; or
10. Unjustified failure to enter into a written subcontract with a CSBE after listing the firm on a "Schedule of Intent Affidavit".

XIII. CONTRACT ADMINISTRATION – AGGREGATE SET-ASIDE

In the case of an Aggregate Set-Aside, the aggregated value of the set-aside shall be established after taking into account the CSBE Objective and the effect of any measures that may be applied to other County construction contracts not included in the Aggregate Set-Aside. The particular level of CSBEs that may bid for a particular contract under an Aggregate Set-Aside shall be determined by Contracting Participation Level based on the contract's estimated cost and by SIC or NAICS Code. However, where there are no CSBEs available at the level applicable to the contract's estimated cost, higher level CSBEs may be allowed to bid on the contract. At the time a proposed Aggregate Set-Aside is presented to the County Commission for waiver of competitive bidding and set-aside for CSBEs, staff shall advise the Commission of the mechanisms that will be applied to assure equitable distribution of awards thereunder to all qualified CSBEs.

XIV. CONTRACT ADMINISTRATION - SUBCONTRACTOR GOALS OR TRADE SET-ASIDES:

A. SUBCONTRACTOR GOALS

The purpose of a subcontractor goal is to have portions of the work under the prime contract performed by available subcontractors that are certified CSBEs for contract values totaling not less than the percentage of the prime contract value set out in the bid form. Subcontractor goals may be applied to a contract when estimates made prior to bid advertisement identify the quality; quantity and type of opportunities in the contract and CSBEs are available to afford effective competition in providing a percentage of these identified services.

Only expenditures to CSBEs made under a written first tier subcontract executed by both the prime contractor and the CSBE shall be counted towards meeting a first tier subcontractor goal. Only expenditures made under a written second, third or fourth tier subcontract executed by both the next tier level subcontractor and the lower tier CSBE subcontractor

shall be counted towards meeting a second, third or fourth tier subcontracting goal.

After a bid is advertised or other formal public notice, the established subcontractor goal may be reduced only with the approval of the County Commission or the Public Health Trust. Bid documents shall include documentation demonstrating the basis for the subcontractor goal established in the contract.

Either the department that oversees a contract, or DPM, or DBD, may request the RC to recommend that bonding requirements for a contract with subcontractor goals be limited or waived. Such recommendation shall only be made on contracts less than or equal to two hundred thousand dollars (\$200,000) and as authorized by Section 255.05, Florida Statutes. This recommendation for waiver of bonding requirements shall accompany the recommendation for subcontractor goals.

1. BIDDER RESPONSIBILITIES FOR SUBCONTRACTOR GOALS

With the exception of contracts for a construction manager-at-risk as noted below, where a first tier subcontractor goal has been imposed, bidders must submit a completed Schedule of Intent Affidavit (SOI), on the bid submittal due date, identifying all CSBEs to be utilized to meet the first tier subcontractor goal and the trade designation of work each will perform. The Schedule of Intent Affidavit constitutes a written representation by the bidder that, to the best of the bidder's knowledge, the first tier CSBEs listed are qualified and available to perform as specified. The Schedule of Intent Affidavit is a commitment by the bidder that, if awarded the contract, it will enter into written subcontracts with the identified first tier CSBEs for the scope of work at the price set forth in the Schedule of Intent Affidavit. Where a second, third and fourth tier subcontractor goal has been imposed, bidders must submit a commitment letter committing the bidder to meet such goal. Upon notification by the Department of Business Development, bidders may cure correctable defects that exist on the Schedule of Intent Affidavit within forty-eight (48) hours after bid submission. Correctable defects may include: percentage of work not identified for subcontractor on SOI signed by subcontractor, no signature of subcontractor on the SOI and no signature of prime contractor on the SOI. Non-correctable defects may include: blank SOI (not listing the subcontractor's name and scope of work and percentage of work to be performed). All responsive bids will be opened 48 hours after the bid submission due date and non-responsive bids will not be opened.

The bidder shall be responsible for administering and implementing the requirements of Ordinance 97-52, as amended, and this Administrative Order on the contract. This includes the following but is not limited to:

- a. All such subcontracts shall be in writing and shall be executed by the prime contractor and the first, second, third, and/or fourth tier CSBE subcontractor utilized to meet a first, second, third or fourth tier subcontract goal.
- b. Bidders who fail to submit the required Schedule of Intent Affidavit at the time of bid submission shall be considered non-responsive.
- c. Bids that contain a defective Schedule of Intent Affidavit may be voidable. Examples of defects include, but are not limited to, an incomplete Schedule, the listing of an unidentifiable CSBE, and percentage miscalculations that are not mere clerical errors apparent on the face of the Schedule.
- d. A successful prime bidder that is a CSBE or a CSBE joint venture may perform up to fifty percent (50%) of a CSBE subcontractor goal with its own forces. The remaining subcontractor goal work shall be performed by other CSBEs.
- e. Expenditures to subcontracting CSBEs shall be counted toward meeting specified goals as follows:
 1. One hundred percent (100%) of the expenditures to a CSBE that performs a commercially useful function in the supply of services required for the fulfillment of the contract;
 2. One hundred percent (100%) of the expenditures to CSBEs that subcontract work further to non-CSBEs, only if bid documents expressly and specifically permit such subcontracting as consistent with normal industry practice, or if the bidder or CSBE requests and receives prior to bid award an approval letter from DBD;
 3. One hundred percent (100%) of the expenditures to CSBEs that perform actual work with their own forces;
 4. None of the expenditures to a CSBE that acts essentially as a conduit to transfer funds to a non-CSBE unless bid documents expressly and specifically permit such transfers as consistent with normal industry practice or

the bidder or CSBE requests and receives prior to bid award an approval letter from DBD; and

5. Only expenditures to CSBEs made under a written first tier subcontract executed by both the prime contractor and the CSBE shall be counted towards meeting a first tier subcontractor goal. Only expenditures made under a written second, third or fourth tier subcontract executed by both the next tier level subcontractor and the lower tier CSBE subcontractor shall be counted towards meeting a second, third or fourth tier subcontracting goal.

2. CONSTRUCTION MANAGER-AT-RISK RESPONSIBILITIES FOR SUBCONTRACTOR GOALS ON A CONSTRUCTION MANAGER-AT-RISK CONTRACT

Where a first tier subcontractor goal has been imposed, bidders must submit a Schedule Intent Affidavit, on the bid submittal due date, identifying all CSBEs to be utilized to meet the first tier subcontractor goal, the trade designation of work each will perform. On contracts where a second, third and fourth tier subcontractor goal has been imposed, bidders must also submit a commitment letter at the time of bid submission committing the bidder to meet such goal. Bidders may correct defects that exist on the Schedule of Intent Affidavit within forty-eight (48) hours after bid submission. Failure to submit the required Schedule of Intent Affidavit within the specified time shall render the bid non-responsive. Failure to submit the required commitment letter at the time of bid submission shall render the bid non-responsive. Submission of a defective form shall render the bid voidable. Expenditures to first tier CSBEs on a Schedule of Intent Affidavit that are not confirmed by a properly executed Schedule of Intent Affidavit shall not count toward the goal.

For contracts for a construction manager-at-risk with a guaranteed maximum price, the Primary Trade Contractors shall submit the list of first-tier CSBE subcontractors at the time of bid submission to the CM-at-risk. All Primary Trade Contractors shall submit Schedule of Intent Affidavits for all subcontractors listed on the list of first-tier CSBE subcontractors within two business days of the date of on the bid submission date to the CM-at-risk. Failure to submit the required documents within the required time frames may render the bid non-responsive or be subject to sanctions or penalties as outlined in the contract or in this Administrative Order.

For contracts for a construction manager-at-risk with a guaranteed maximum price, the use of CSBEs at the Primary Trade Contractor

level and at the level of contractors that directly contract with the Primary Trade Contractors, count towards the first-tier CSBE subcontractor goal on the contract. In addition, if the CM-at-risk exceeds the first-tier CSBE subcontractor goal, the amount by which the first-tier CSBE subcontractor goal is exceeded counts towards fulfillment of the second, third and fourth tier subcontractor goal on that contract. However, if the CM-at-risk exceeds the second, third and fourth tier subcontractor goal, the amount that the second, third and fourth tier subcontractor goal is exceeded by shall not count towards fulfillment of the first-tier subcontractor goal.

For contracts for a construction manager-at-risk, the construction manager-at-risk shall be responsible for administering and implementing the requirements of Ordinance 97-52, as amended, and this Administrative Order, on the contract. This includes the following but is not limited to:

- a. All such subcontracts shall be in writing and shall be executed by the prime contractor and the first, second, third, and/or fourth tier CSBE subcontractor utilized to meet a first, second, third or fourth tier subcontract goal.
- b. Bidders who fail to submit the required Schedule of Intent Affidavit at the time of bid submission shall be considered non-responsive.
- c. Bids that contain a defective Schedule of Intent Affidavit may be voidable. Examples of defects include, but are not limited to, an incomplete Schedule, the listing of an unidentifiable CSBE, and percentage miscalculations that are not mere clerical errors apparent on the face of the Schedule.
- d. A successful prime bidder that is a CSBE or a CSBE joint venture may perform up to fifty percent (50%) of a CSBE subcontractor goal with its own forces. The remaining subcontractor goal work shall be performed by other CSBEs.
- e. Expenditures to subcontracting CSBEs shall be counted toward meeting specified goals as follows:
 1. One hundred percent (100%) of the expenditures to a CSBE that performs a commercially useful function in the supply of services required for the fulfillment of the contract;
 2. One hundred percent (100%) of the expenditures to CSBEs that subcontract work further to non-CSBEs, only

if bid documents expressly and specifically permit such subcontracting as consistent with normal industry practice, or if the bidder or CSBE requests and receives prior to bid award an approval letter from DBD;

3. One hundred percent (100%) of the expenditures to CSBEs that perform actual work with their own forces;
 4. None of the expenditures to a CSBE that acts essentially as a conduit to transfer funds to a non-CSBE unless bid documents expressly and specifically permit such transfers as consistent with normal industry practice or the bidder or CSBE requests and receives prior to bid award an approval letter from DBD; and
 5. Only expenditures to CSBEs made under a written first tier subcontract executed by both the prime contractor and the CSBE shall be counted towards meeting a first tier subcontractor goal. Only expenditures made under a written second, third or fourth tier subcontract executed by both the next tier level subcontractor and the lower tier CSBE subcontractor shall be counted towards meeting a second, third or fourth tier subcontracting goal.
- f. In order to assure at the time of bid submission, agreement upon the above information between the bidder and the first tier CSBE subcontractor so identified, bidders must submit Schedule of Intent Affidavits signed by the identified first tier CSBE subcontractors to the Contracting Officer by no later than 4:00 p.m. on the second business day following the bid submission date. Failure to submit Schedule of Intent Affidavits signed by the affected CSBEs within the specified time shall render the bid non-responsive. Upon notification by the Department of Business Development, bidders may correct defects that exist on the Schedule of Intent Affidavit within forty-eight (48) hours after bid submission. Submission of a defective form uncorrected within the required time frame shall render the bid voidable.
- g. Bidders whose bids do not meet the specified goal, in order to remain eligible, must submit to the Contracting Officer on the bid submission due date, evidence proving the lack of available CSBEs to afford effective competition to provide the services to meet the goal. To prove lack of availability, bidders must submit the following:

1. - h. In order to ensure CSBE compliance at every tier, the CM-at-risk contractor should monitor CSBE participation at the second, third and fourth tier levels.
- i. The CM-at-risk contractor is responsible for compliance with the requirements of any CSBE subcontractor goal that has been applied to any portion of work on the CM-at-risk contract.
- j. The following shall constitute non-compliance with the Administrative Order as they relate to a contract, which has a CSBE subcontractor goal:

B. TRADE SET-ASIDES

The purpose of a Trade Set-aside is to have the entire Specialty Trade component(s) of a County miscellaneous construction contract to be performed by available first tier subcontractors that are certified CSBEs. Trade Set-asides may be applied to a miscellaneous construction contract as individual work orders are processed through DBD and the RC.

Either the department that oversees a contract, or DPM, or DBD, may request the RC to recommend that bonding requirements for a contract with Trade Set-asides be limited or waived. Such recommendation shall only be made on contracts less than or equal to two hundred thousand dollars (\$200,000) and as authorized by Section 255.05, Florida Statutes. This recommendation shall accompany the recommendation for Trade Set-asides.

1. BIDDER RESPONSIBILITIES ON TRADE SET-ASIDES

- g. A successful prime bidder that is a CSBE or a CSBE joint venture may perform up to fifty percent (50%) of a CSBE Trade Set-aside with its own forces.
- h. The following shall constitute non-compliance with the Administrative Order as they relate to a contract with a Trade Set-aside:
 - 1. Submission of a Schedule of Intent Affidavit of CSBE subcontractors that the bidder knew or should have known is incomplete or inaccurate;
 - 2. After bid submission due date, deviation from the Schedule of Intent Affidavit without the written approval of the Compliance Monitor;

12. Unjustified failure to enter into a written first tier subcontract with a CSBE after listing the firm on a Schedule of Intent Affidavit.

C. COUNTY RESPONSIBILITIES

1. After considering the quality, quantity and type of opportunities provided by the contract, and the availability of CSBEs to afford effective competition in providing the services required under the contract, each department or DPM will recommend to DBD the type and level of contract set-aside, Trade Set-aside or subcontractor goal that could be applied.
2. DBD shall review the Schedule of Intent Affidavit, commitment letters, Unavailability Certificates, and listing of first tier subcontractors as required on a CM-at-risk contract to determine compliance with the contract set-aside, Trade Set-aside or subcontractor goal stated in the bid documents. The Compliance Monitor may meet with a bidder before recommending that the Contracting Officer determine non-compliance. This written recommendation shall be forwarded to the bidder and the Contracting Officer.
3. In the event the Contracting Officer receives a recommendation of non-compliance from the Compliance Monitor, he or she may conduct a meeting or hearing at which the bidder shall be afforded an opportunity to present data supporting its compliance with the goal.

XVI. DESIGN BUILD CONTRACTS:

The construction portion of the design-build contract is subject to the procedures in this Administrative Order.

XVII. PROMPT PAYMENT:

It is the County's intent that ALL FIRMS, INCLUDING CSBEs providing construction services to the County, shall receive payments promptly in order to maintain sufficient cash flow.

A. PRIME CONTRACTOR RESPONSIBILITIES

1. A prime contractor shall include in its billing to Miami-Dade County or the Public Health Trust copies of those portions of the billings from CSBE subcontractors utilized to meet the subcontractor goal applicable to the contract which the contractor approves and whose cost is included in the payment amount requested from Miami-Dade County or the Public Health Trust. A prime contract which contains a second, third or fourth tier subcontractor goal shall require all subcontractors in direct privity with a second or lower tier CSBE subcontractor, and all successive subcontractors on up to and including the first tier subcontractor level, to include portions of any lower tier CSBE subcontractor's billings which are approved by such subcontractors and are included in any payment amount they request.
2. Prime construction contracts to which a CSBE Trade Set-aside or subcontractor goal has been applied shall require that billings from CSBEs at whatever tier level for which the contract measure has

been applied, shall be promptly reviewed and payment made to such CSBEs on those amounts not in dispute within two (2) business days of receipt of payment therefore. The foregoing obligation to promptly review and pay CSBE billings shall apply to prime contractors and subcontractors who are in direct privity with the CSBE and to each successive subcontractor on up the line to the level of prime contractor. The two (2) day payment provision shall equally apply to retainage payments received by prime contractors from the County, and subsequently passed on to subcontractors.

3. The prime contractor agrees to the contract requirements of Section 10-35, Code of Miami-Dade County, Release of Claim by Subcontractors Required. The requirements found in Section 10-35 are hereby fully incorporated into this CSBE Prompt Payment Subsection and non-compliance, by failing to pay subcontractors and failing to provide the requisite subcontractor affidavit and/or consent of surety to requisition payment, shall be enforceable through this Subsection.
4. The prime contractor on a prime construction contract to which a CSBE Trade Set-aside or a first tier subcontractor goal has been applied shall inform DBD, the Contracting Officer, and the first tier CSBE subcontractor, in writing, of those amounts billed by the CSBE which are in dispute, and the specific reasons why they are in dispute, within five (5) calendar days of submittal of such billing by the first tier CSBE subcontractor to the prime contractor. Prime contracts to which a second or lower tier subcontractor goal has been applied shall provide that subcontractors in direct privity with any CSBE utilized to meet such lower tier subcontractor goal, shall inform the affected CSBE in writing, with copies to the prime contractor and DBD, of those amounts of such CSBE's billings that are disputed and the specific reasons therefore within five (5) calendar days of submittal of such billing from the CSBE.
5. Undisputed portions of billings from CSBEs that are submitted to the prime contractor at least five (5) days or more before the date of the prime contractor's next scheduled draw must be submitted by the prime contractor to the County in the prime contractor's next scheduled draw, according to the contract's payment schedule. For example: if the County's billing cycle on the specific contract allows the prime contractor to submit its draw on the 30th of each month, a CSBE that submits its billing to the prime contractor on or before the 25th of the month shall have its billing included in the prime contractor's next scheduled draw submitted to the County on the 30th.

6. Undisputed portions of billings from CSBEs that are submitted to the prime contractor less than five (5) days before the prime contractor's next scheduled draw, may be submitted in the next draw; however, said billings shall be submitted no later than in the prime contractor's next subsequent scheduled draw. For example; if the County's billing cycle on the specific contract allows the prime contractor to submit its draw on the 30th of each month, a CSBE that submits its billing to the prime contractor after the 25th of the month but before the 30th of the month shall, at the latest, have its billing included in the prime contractor's subsequent scheduled draw submitted to the County on the 30th of the following month.
7. Failure of the prime contractor to include the CSBE's billing(s) in its next scheduled draw or subsequent scheduled draw to the County as outlined above, and absent notification of disputes, as set forth in Subsection XVII (A) herein shall result in the prime contractor making full payment directly to the CSBE for the full amount of the submitted billing(s). Full payment to the CSBE subcontractor for the particular billing(s) shall be made within the same number of days that the County has mandated as the billing cycle for said contract in operation, or within forty (40) calendar days of submittal of such billing(s) by the CSBE to the prime contractor, whichever is less, regardless of whether the prime contractor has received its payment from the County.
8. If for any reason, the prime contractor chooses not to submit any billings to the County on its next or subsequent scheduled draw, the prime contractor shall make full payment to the CSBE subcontractor(s) for billings submitted by the CSBE subcontractor(s) in accordance with the subsection above, full payment to the CSBE subcontractor(s) for the particular billing(s) shall be made by the prime contractor within the same number of days that the County has mandated as the billing cycle of said contract in operation, or within forty (40) calendar days of submittal of such billing(s) by the CSBE subcontractor(s) to the prime contractor, whichever is less, regardless of whether the prime contractor has received its payment from the County.
9. Failure of the prime contractor to comply with the applicable requirements of this Subsection shall result in the prime contractor's forfeiture of the right to use the dispute as justification for not paying the first tier CSBE subcontractor and payment shall be forthcoming from the prime contractor. Prime contracts to which a second or lower tier subcontractor goal has been applied shall provide that a subcontractor in direct privity with a CSBE utilized to meet such goal who fails to comply with the applicable provisions of this Subsection

shall result in such subcontractor's forfeiture of the right to use the dispute as justification for not paying the CSBE subcontractor and payment shall be forthcoming from such subcontractor.

10. None of the provisions of Subsection XVII (A) requiring the prime contractor to make full payment on any billing by a subcontractor due to failure to comply with this section shall be construed as also requiring the County to make a similar full payment of that billing to the prime contractor. The County shall not be precluded from disputing billings submitted by prime contractors in accordance with the notice requirements of Subsection XVII (A) as stated herein.
11. Failure of the prime contractor to comply with any of the requirements found in Section 10-33.02 (3)(B)1 et seq. of the Code of Miami-Dade County shall result in the imposition of one (1) or more of the following sanctions:
 - a. The suspension of any payment or part thereof until such time as the issues concerning compliance have been resolved;
 - b. Work stoppage;
 - c. Termination, suspension, or cancellation of the contract in whole or part;
 - d. The contractor may also be subject to debarment.
12. In addition to any sanction available pursuant to Subsection XVII (A)(11) above, construction contracts to which a CSBE trade set-aside or subcontractor goal at any subcontractor tier level has been applied shall provide that failure of the prime contractor or any subcontractor in direct privity to the CSBE to make prompt payment as provided in Section 10-33.02 (3)(B)1, et. Seq., of the Code of Miami-Dade County shall result in the imposition of a penalty of \$75 per day for each day payment to a CSBE subcontractor is not made within the time frames specified in these provisions. Any such penalty shall be paid into the Minority Business Development Trust Fund administered by the Department of Business Development by deduction from the prime contractor's next invoice. Contractual documents shall also require the prime contractor or any subcontractor in direct privity to the CSBE to make payment to the CSBE of one (1) percent interest per month on any balance not paid by the time frame specified in these provisions; unpaid balance shall bear interest from thirty (30) days after the due date at a rate of one (1) percent per month. The CSBE must invoice the prime contractor for any interest accrued in order to receive the interest payment. Any

overdue period of less than one (1) month shall be considered as one (1) month in computing interest. Unpaid interest shall compound monthly. With respect to each past due payment, interest shall cease to accrue after interest on that payment has accrued for twelve (12) months. For purposes of this section, one (1) month shall constitute a period beginning on any day of one month and ending on the same day of the following month. No contract between the prime contractor and the CSBE or any subcontractor in privity thereto shall prohibit the CSBE from invoicing for late payment interest charges allowed under this section.

13. The County Manager, or his or her designee, shall establish administrative procedures to apply similar provisions, as found in this Subsection, XVII (A) (1) to CSBEs that are being used to meet 2nd, 3rd and/or 4th tier CSBE measures on County contracts.

B. COUNTY RESPONSIBILITIES

1. Bid documents for contracts with CSBE contract set-asides, Trades Set-asides or subcontractor goals shall require that billings from contractors under prime construction contracts with Miami-Dade County or the Public Health Trust that are a CSBE contract set-aside or which contain a Trade Set-aside or subcontractor goal shall be promptly reviewed and payment made by the County or the Public Health Trust on those amounts not in dispute within fourteen (14) calendar days of receipt of such billing by the County or the Public Health Trust.
2. The County and the Public Health Trust shall notify the prime contractor, and the Department of Business Development (DBD), in writing, of those billings submitted by the prime contractor which are in dispute, and the reasons why they are in dispute within fourteen (14) calendar days of receipt of such billing by the County or Trust. This provision is applicable regardless of whether the disputed billing pertains to the work performed and/or billing of CSBE subcontractors. Reference is hereby made to Section 2-8.1.4(6) of the Code of Miami-Dade County, which sets forth the procedures for improper invoices and resolution of disputes.
3. DBD may investigate reported instances of late payment to CSBEs.

- b. The Compliance Monitor shall be responsible for monitoring the performance of the Successful Bidder regarding compliance with contract set-asides, Trade Set-asides, aggregate set-asides or subcontractor goals applied to the contract. The Compliance Monitor may, at his or her discretion, investigate deviations in the utilization of first tier CSBEs from that described on the Schedule of Intent Affidavit or on the listing of first tier subcontractors as required on a CM-at-risk contract, or deviations in the utilization of second, third or fourth tier subcontractors from the information provided to DBD in Section XIV(A)(2)(B)(6) above on contracts where a second, third or fourth tier subcontractor goal has been imposed, and make recommendations regarding compliance to the Contracting Officer. The Contracting Officer shall not make a final determination without a recommendation regarding compliance from the Compliance Monitor. Deviations from the goal stated in the contract that shall be monitored include, but are not limited to:
 1. Termination of a CSBE's subcontract;
 2. Reduction in the scope of work to be performed by a first tier CSBE or reduction in the scope of work to be performed by a second, third or fourth tier CSBE utilized to meet a second, third or fourth tier subcontractor goal;
 3. Modifications to the terms of payment or price to be paid to a CSBE; or
 4. Failure to enter into a contract with a CSBE being utilized to meet a first, second, third or fourth tier subcontractor goal.
- c. Excuse from entering into subcontracts:

If, prior to execution of a subcontract required by this Administrative Order, the Successful Bidder submits a written request to the Contracting Officer demonstrating to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond his/her control of which he/she was not aware and could not reasonably have been aware until subsequent to the date of the award of the contract, a CSBE who is to enter into such subcontract has unreasonably refused to execute the subcontract, or is not available, the Successful Bidder shall be excused from executing such subcontract. The procedures of paragraphs (e) and (f) below shall apply to this paragraph.

d. Termination of Subcontracts:

If, after execution of a subcontract required by this Administrative Order, the Successful Bidder submits a written request to the Contracting Officer and demonstrates to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond his/her control of which he/she was not aware and could not be reasonably have been aware, until subsequent to the date of execution of such subcontract, a CSBE, who entered into such subcontract has committed a material breach of the subcontract, the Successful Bidder shall be entitled to exercise such rights as may be available to him/her to terminate the subcontract. The procedures of paragraphs (e) and (f) below apply to this paragraph.

e. County's Determination of Bidder's Excuse or Termination:

If the Successful Bidder at any time submits a written request to the Contracting Officer under the prior two paragraphs, the Contracting Officer as soon as practicable, shall determine whether the Successful Bidder has made the requisite demonstration, and shall not determine that such a demonstration has not been made without first providing the Successful Bidder, upon notice, an opportunity to present pertinent information and arguments. The procedures of paragraph (f) below apply to this paragraph.

f. Alternative Subcontracts:

If the Successful Bidder is excused from entering into a subcontract or rightfully terminates a subcontract under this Administrative Order and without such subcontract the Successful Bidder will not achieve the level of CSBE participation upon which

the contract was awarded, the Successful Bidder shall make every reasonable effort to propose and enter into an alternative subcontract or subcontracts for the same work to be performed by another available CSBE as appropriate, for a subcontract price or prices totaling not less than the subcontract price under the excused or terminated subcontract, less all amounts previously paid thereunder. The Successful Bidder must submit to the Compliance Officer a revised Schedule of Intent Affidavit of first tier subcontractors as required on a CM-at-risk contract and Schedule of Intent Affidavit to include the substitute first tier CSBE. For contracts where the Successful Bidder is requesting substitution of a second, third or fourth tier CSBE subcontractor, the Successful Bidder must submit to the Compliance Officer a revised list of the second, third or fourth tier subcontractors being utilized to meet the goal. A Successful Bidder that cannot secure a substitute CSBE must provide a written statement to the Compliance Monitor and Contracting Officer that includes a list of the names, addresses, telephone numbers, and the date of contact for each CSBE. All CSBEs certified within the appropriate SIC/NAICS code or trade category must be contacted. The procedures of paragraphs (1) and (2) below apply to this paragraph:

1. The Compliance Monitor may require the Successful Bidder to produce such information, as the Compliance Monitor deems appropriate and may obtain further information from other sources. The Compliance Monitor shall make his/her recommendation under this paragraph to the Contracting Officer and forward a copy to the bidder.
2. The Contracting Officer will consider objections to the Compliance Monitor's recommendation only if the Contracting Officer receives such written objections within five calendar days from the Successful Bidder's receipt of the Compliance Monitor's recommendation. The Contracting Officer with or without a hearing, and as he/she in his/her discretion may determine, will reply to the Successful Bidder's written objection within ten (10) days of receipt of these objections.

XIX. SANCTIONS FOR CONTRACTUAL VIOLATIONS:

Bid and contract documents for all agreements, including CM-at-risk, shall provide that, notwithstanding any other penalties or sanctions provided by law, a bidder's violation of or failure to comply with this ordinance or this

Administrative Order may result in the imposition of one or more of the following sanctions:

- a. The suspension of any payment of part thereof until such time as the issues concerning compliance are resolved; and/or
- b. Work stoppage; and/or
- c. Termination, suspension, or cancellation of the contract in whole or part; and/or
- d. Two percent (2%) of the contract amount not to exceed twenty thousand dollars \$20,000.00 will be imposed for those bidders who have second and third violations. Said amount will be deducted from the bidder's requisition and made payable to the Board of County Commissioners to be deposited in the Department of Business Development's Compliance Trust Fund.
- e. If after award, a CSBE firm meeting a goal is substituted due to unavailability on five (5) different occurrences during a calendar year, the CSBE firm will be decertified.
- f. In the event a bidder or CSBE attempts to comply with the provisions of this ordinance through fraud, misrepresentation, or material misstatement, or is found after a hearing to have discriminated in violation of Article VII of Chapter 11A of the Code of Miami-Dade County, the County shall, whenever practicable, terminate the contract or require the termination or cancellation of the subcontract for the project on which the bidder or CSBE committed such acts. In addition, and as a further sanction, the County Manager or his or her designee may impose any of the above-stated sanctions on any other contracts or subcontracts the bidder or CSBE has on County projects. In each instance, the bidder or CSBE shall be responsible for all direct and indirect costs associated with such termination or cancellation including attorney's fees and costs. The bidder or CSBE may also be subject to debarment.
- g. In the event that a bidder fails to achieve the CSBE measures after contract completion, the bidder's eligibility to receive any future county contracts will be conditioned upon the bidder making up the deficit in CSBE participation in such future contracts by having CSBEs perform equal to double the dollar value of the deficiency in the CSBE measure in the prior contract. The procedures for making up the CSBE deficit are as follows:

1. Upon completion of a County contract with CSBE measures, the Compliance Monitor for DBD, in accordance with Ordinance No. 97-52, as amended, will obtain the final Monthly Utilization Report and determine if the bidder has met the CSBE measures.
2. If the bidder has not met the CSBE measures, the compliance officer will notify the bidder in writing of the CSBE deficit.
3. If the bidder is found in non-compliance with the CSBE measures, the Compliance Officer may issue a letter of non-compliance requesting that the bidder make up the CSBE deficit on an existing or future County contract for double the amount of the deficit on the contract in question. The bidder will also be required to submit a plan indicating any current or future County contracts in which the CSBE deficit will be remedied.
4. The bidder must respond to DBD in writing within ten business days from the date of the non-compliance letter. The bidder must acknowledge receipt of the non-compliance letter and provide a plan to make up the CSBE measure.
5. The compliance monitor will review the plan for approval.
6. When a contract is identified in which the CSBE measure deficit will be remedied, the bidder will provide a Schedule of Intent Affidavit, or a listing of first tier subcontractors as required on a CM-at-risk contract, and Schedule of Intent Affidavit for the CSBE firm(s) that will be utilized in making up the deficit.
7. The bidder will remain in a non-compliance status until the CSBE make-up goal has been achieved.
8. Failure of the bidder to make up the CSBE measure when opportunities are available on existing or future County Contracts will result in the imposition of other penalties or sanctions as referenced in Sections XIX and XX.

Some of the contractual violations that may result in the imposition of the sanctions listed in Section XIX above include, but are not limited to, the following:

1. A CSBE serving as a conduit for CSBE work awarded to a firm as a CSBE but which is being performed by a non-CSBE firm;

Unjustified failure to enter into a written second, third or fourth tier subcontract with a CSBE utilized to meet a second, third or fourth tier subcontractor goal.

XX. ADMINISTRATIVE PENALTIES

A. DEBARMENT

1. The County may debar a CSBE or a non-CSBE for violation of, or non-compliance with, the provisions of Ordinance No. 97-52 as amended, this Administrative Order, or implementing bid documents.
2. Causes for debarment are as noted in Section 10-38 of the Code. These include, but are not limited to, a preponderance of evidence that the CSBE has forfeited a bond or defaulted on financial assistance, either of which was provided under the CSBE program; or if any individual or corporation, partnership or other entity, or any individual officer, shareholder with a significant interest, director or partner of such entity, qualifying agent or affiliated business of such entity attempts to comply with the provisions of this ordinance through fraud, misrepresentation, or material misstatement.

B. DECERTIFICATION

- E. Decisions by the County Manager shall be final unless the County Commission agrees in its sole discretion upon request by the affected party to review the County Manager's decision.

XXII. MENTOR-PROTÉGÉ PROGRAM:

1. Program Mission

Miami-Dade County seeks to build effective working relationships between leaders of mature established companies and emerging small business enterprises in order for the latter to benefit from the knowledge and experience of the established Mentor firms. Working together in regular meetings, the Mentors will focus on and assist with the development of the Protégé's business plan, identifying the most critical needs to achieve the plan, and implementing the actions to obtain the results.

The Mentor-Protégé Program is a community-based effort, involving leaders of major firms, financial and bonding institutions, contracting associations, small business enterprises, and support service organizations. The Program is a deliberate effort to overcome barriers that typically inhibit or restrict the success of small businesses. The Program is designed to produce a broad base of high quality, competitive and profitable companies through incremental improvement. It is expected that as a result of the Mentor-Protégé Program, Protégés will experience a greater than industry average success rate and realize the growth and profitability objectives of their business plans as well as long range stability. By implementing the Mentor-Protégé Program as a component of its CSBE program, Miami-Dade County will provide a community benefit by strengthening emerging businesses and providing them with previously denied opportunities for growth, expansion and increased participation in Miami-Dade County's economic development.

2. Definitions

- A. DBD - The Miami-Dade County department that sponsors and provides direct support and overall management to the Mentor-Protégé Program component of the CSBE Program.
- B. Mentor-Program Coordinator - The DBD staff member designated as the individual responsible for coordinating and administering the various activities of the Mentor-Protégé Program.
- C. Mentor - A firm with an actual functioning place of business in Miami-Dade or Broward County which is deemed by DBD as productive and successful, and which has applied for and has been approved by DBD, in accordance with applicable procedures, for participation as a mentor in the Mentor-Protégé Program. Although a Mentor may not provide mentoring services to more than three (3) Protégé firms at any one time, it is allowed to serve as a Mentor for an unlimited number of times (pursuant to DBD approval).

- D. Protégé - A certified CSBE firm, which has applied for and has been approved, in accordance with applicable procedures, for participation as a protégé in the Mentor-Protégé Program. Such participation cannot exceed two (2) years and a firm may have only one (1) term of participation as a protégé.

3. Individual Goals

- A. The primary goals of Miami-Dade County's CSBE Mentor-Protégé Program are:
 - 1. To develop and strengthen Protégé firms through coaching and counseling from Mentors.
 - 2. To expand business opportunities for Protégé firms.
 - 3. To enable Protégés to become competent and viable well managed businesses.
 - 4. To assist mentoring companies in carrying out their civic and corporate responsibilities by furnishing opportunities to provide developmental assistance to other emerging Miami-Dade County firms.
 - 5. To enhance Miami-Dade County's overall business and economical environments.

4. Measurable Objectives

An important facet of the Miami-Dade County Mentor-Protégé Program is the ability to conduct ongoing monitoring and assessment of the results of implementation of the Programs through the use of measurable program objectives. The primary measurable objectives to be considered in the evaluation of the effectiveness of the Mentor-Protégé Program are:

- A. Specific Protégé Objectives:
 - 1. Increase in Protégé's business capital.
 - 2. Increase in Protégé firm's capacity to perform as depicted in equipment owned or leased, size of payroll, materials purchased, overhead costs.
 - 3. Increase in Protégé's bonding capacity.
 - 4. Increase in Protégé's gross earnings.

5. Increase in Protégé's net earnings and profit margin.
6. Increase in Protégé's credit rating.
7. Increase in value of Protégé's current and future work.
8. Increase in Protégé firm's longevity and viability during and after concluding Mentor-Protégé participation.
9. Achievement of goals outlined in the strategic business plan.

From various financial, operating, personnel, and other reports received from the Protégé, the above objectives are determined, monitored and evaluated at the beginning stage of the Protégé's participation in the Mentor-Protégé Program, at various intervals (monthly, quarterly and annually) throughout the duration of the Protégé's participation in the Program, at the conclusion of the two-year mentoring period, and through follow-up annual review from one to five years after the Protégé has completed the Mentor-Protégé Program. This provides a means of determining whether mentoring procedures need to be revised or refocused either within individual Mentor-Protégé teams or with the entire Program, and helps to track the long-range impact of participation in the Mentor-Protégé Program.

B. General Program Objectives:

1. Increase in number of actual or requested Mentor-Protégé Program Mentors.
2. Increase in number of actual or requested Mentor-Protégé Program Protégés.
3. Increase in repeat Mentor-Protégé Program participation by Mentors.
4. Increase in successful graduates.

5. Program Eligibility and Participation

B. Mentor Application Process

1. The potential Mentor shall apply with DBD on the appropriate application form to be considered for program participation as a Mentor. Documentation such as company brochures, occupational licenses and other licenses may be required to ensure basic eligibility requirements are met.

3. DBD shall review the application and inform the applicant whether it has been approved as a Mentor within ten (10) business days of receipt of the completed Mentor application.
4. DBD will assign Protégés to Mentors (either one or two Mentors per Protégé, as available or appropriate) subject to approval by the CSBE Advisory Board and both parties must sign an agreement to formalize their commitment to the Program. Pairing Mentors with Protégés, which have a working relationship with each other, will be strongly discouraged since one of the objectives of the Mentor-Protégé Program is to establish new productive relationships in the construction industry.

C. Mentor Responsibilities

1. Meetings - The approved Mentor shall conduct monthly face-to-face coaching and counseling meetings with the Protégé to review the Protégé's strategic business plan and to discuss problems, strategies, and objectives for timely and efficient completion of projects and effective management. The Mentor-Protégé Program Coordinator or a representative shall attend the monthly meetings between Mentor-Protégé teams at least every other month.
2. Informal Contacts - The Mentor should also routinely communicate with the Protégé on the telephone and attempt to make other informal contacts or correspond on a routine basis (such as every other day) to discuss daily problems and situations encountered by the Protégé and to provide periodic review.
3. Introduction to Resources - The Mentor shall, as frequently as possible, introduce the Protégé to various business resources in which he/she consults, including representatives in the banking, bonding, management, and business industries as a means of providing access and breaking down previously existing barriers which may have hindered small businesses in the past.

5. Reporting Problems to DBD - The Mentor will discuss progress, issues or problems encountered with the Mentor-Protégé arrangement with DBD Mentor-Protégé Program coordinating staff as soon as possible after concerns are identified.
6. Working Relationships - Nothing in Mentor-Protégé Program regulations shall prohibit Mentors and Protégés from working together on joint ventures or in contractor-subcontractor arrangements on construction or other projects provided that control of the Protégé firm remains with the Protégé itself. These Protégés may be used to meet subcontractor goals on which the Mentor bids.
7. Incentives - In addition to the benefits provided in the section immediately above, Mentors can be compensated for their involvement in the Mentor-Protégé Program by the award of an incentive on bidding on Miami-Dade County contracts. This incentive may consist of either 2% of the bid price, or up to 10% of the total evaluation points, for bid evaluation purposes only. A Mentor claiming an incentive in bidding on Miami-Dade County contracts based on involvement in the Mentor-Protégé Program must meet the eligibility criteria shown in Section XV of this Administrative Order.

D. Protégé Eligibility Requirements

1. The prospective Protégé shall be a company certified as a CSBE with DBD, must have been actively conducting business for a minimum of two (2) years, must be considered as ready for expansion, and must agree to participate fully in the Mentor-Protégé Program.
2. The prospective Protégé firm must have and maintain an actual place of business where it provides its actual products and services in Miami-Dade County throughout the duration of its Mentor-Protégé Program participation.
3. The prospective Protégé firm must be and remain in good legal business standing with the State of Florida, Miami-Dade County and all other local jurisdictions. Protégés must be solvent and licensed businesses.
4. The prospective Protégé shall agree to follow all Mentor-Protégé Program guidelines and devote the necessary time, staff and other resources in order to fulfill its responsibility as a Protégé,

including attending all meetings scheduled with the Mentor and/or DBD.

E. Protégé Application Process

1. The prospective Protégé shall apply with DBD on the appropriate application form to be considered for program participation as a Protégé. Accompanying the application should be a completed strategic business plan and the documentation requested providing various information concerning the prospective Protégé's current financial standing, bonding level, capacity, staffing, workload, and other key business indicators. Additional documentation such as company brochures, occupational licenses and other licenses may be required to determine Mentor-Protégé Program eligibility requirements.
2. DBD shall review the application and inform the applicant whether it has been approved as a Protégé within ten (10) business days of receipt of the completed Protégé application.
3. DBD will assign Protégés to Mentors as deemed appropriate and/or as available and both parties must sign an agreement to formalize their commitment to the Program.

DBD's Management and Technical Assistance Program (MTA), as described in Section XIV of this Administrative Order, should be used by the Protégé as a resource in developing this business plan if such assistance is needed. This business plan shall serve as a guideline and benchmark for evaluating the Protégé's progress in the Mentor-Protégé Program.
2. Meetings - The approved and assigned Protégé must make him/herself available for the monthly face to face coaching and counseling conferences with the Mentor and must be consistently prepared to review progress made in achieving the desired outcome outlined in their strategic business plan. In the meeting the Protégé must make the Mentor aware of all problems affecting the timely and efficient completion of projects and effective management of the firm. These conferences will be held at a time and place mutually agreed upon by the Mentor and Protégé; however, such meetings should occur no less than once every 30 calendar days between the first and 10th day of each month and

should be at least two (2) hours in duration (more time should be allotted for these meetings as deemed necessary). The topics for the meetings should consist of items relevant to the Protégé's previously identified problem areas and his/her changing needs as well as the current experiences of both the Mentor and Protégé. The Protégé will also be expected to provide reports on his/her efforts in implementing the established phases of its business plan or any actions suggested by the Mentor at the previous counseling session(s) and both parties should establish target dates for any further improvements or enhancements. 3. Use of Training Resources - In an effort to enhance its business and industry knowledge and effectiveness, the Protégé may be required to attend, at its own expense if necessary, training conferences, coursework, or workshops on a routine basis as recommended by the Mentor or Mentor-Protégé Program Coordinator. These conferences are expected to cover various aspects of general business management as well as training sessions addressing specific industry topics. Attendance at these events must be recorded and made a part of the progress report for the appropriate period of attendance.
5. Use of MTA Program - In an effort to enhance its business and industry knowledge and effectiveness, the Protégé may be required to make routine use of the technical assistance component of the CSBE Program by seeking, scheduling and attending various services professionals as provided by the MTA Program. A listing of these resources are available through DBD and participation in the MTA Program must be recorded and made a part of the progress report for the appropriate period of participation.
6. Independence - The Protégé is not permitted to relinquish managerial or administrative control to the Mentor.

7. Reporting Problems - The Protégé will discuss poor progress or problems encountered with the Mentor-Protégé arrangement with DBD Mentor-Protégé Program coordinating staff as soon as possible after concerns are identified.

This is necessary to meet the following Miami-Dade County contract provisions, which will be administered by the Consultant. The following provisions will appear in all relevant County contracts:

Florida Law requires bonding for public works projects for 100% of the contract amount. This bonding requirement is between the County and its first tier contractor; however,

Such bond(s) may be required at the expense of the subcontractor only if the prime contractor in his written or published request for sub-bids (1) specifies that the expense for such bond(s) shall be borne by the subcontractor and (2) clearly specifies the amount and requirements of such bond(s).
 - c. In any event, if the bond process for the Program participant is not completed before the Prime's contract approval and award date, or 90 days prior to the commencement of work of the Program participant, it is the prime contractor's sole discretion to extend time for the bond to be concluded or waive the bond. The prime contractor must allow the Consultant to exhaust all attempts to provide a bond prior to requesting to substitute the Program participant in accordance with the bid specifications.
8. If Financial Assistance is identified as a need, the Applicant shall fill out a Financial Assistance application. The Consultant will review this application; if it is acceptable to the Consultant, it shall be forwarded to the Loan Committee for review if it is acceptable to the Consultant, it shall be forwarded to the Loan Committee for review.
